**Education Field Endorsement: Library Media Specialist**

**Program Overview**
This is a bachelor's level education field endorsement that meets the Nebraska Department of Education certification standards for a K-12 library media specialist. If you are a Nebraska resident seeking this endorsement, you must currently hold a teaching certificate or be concurrently enrolled in a field or subject endorsement in another area. Learn how to collaborate with teachers to develop outstanding library media programs and promote a lifetime love of reading.

**Program Features**
- All coursework is available online.
- Courses are not sequential. Students may enter the program at any point in the course rotation.
- (Enrollment in LMS 439 requires completion of LMS 332, LMS 333, LMS 334, and LMS 335.)
- Students who complete the program should be able to adapt and apply the principles of collection development, cataloging, reference, management, and assessment in library environments.
- The program features information on traditional and innovative library support technology, as well as service philosophies designed to meet the needs of diverse populations.

**Undergraduate Major in Information Resource Management**

**Program Overview**
This major is useful for students who are interested in non-educational applications of information resources. Students must complete the required courses below, as well as the General Studies requirements and a minor in another program of study. Many of the General Studies requirements can be obtained through correspondence or online. There are also several minors available through distance learning.

**Program Features**
- All required courses for the degree are available online.
- Courses are not sequential. Students may enter the program at any time in the course rotation.
