Section 1: Contextual Information

1a. Contextual Information

Chadron State College

Chadron State College (CSC) was originally authorized by the State of Nebraska as a Normal School in 1911. It has evolved into a comprehensive college with a wide range of undergraduate and graduate programs. Chadron State is accredited by the Higher Learning Commission, as well as subject-oriented accrediting agencies. From its modest beginning, Chadron State College has evolved into a rapidly growing multipurpose institution of higher education. Located in the scenic Pine Ridge region of northwest Nebraska, the college serves the intellectual, cultural, and recreational needs of western Nebraska.

Chadron State College's academic organizational structure consists of three schools, each under the leadership of an academic dean. The three schools are: (1) Business, Mathematics and Sciences; (2) Liberal Arts; and (3) Professional Studies and Applied Sciences (PSAS). Education is housed within the school of Professional Studies and Applied Sciences. The dean of PSAS and department chair provide the leadership for the Education Department. Throughout this document, the education unit is referred to as the Educator Preparation Program (EPP). The EPP includes both the education program and specialized content area programs that prepare educators.

Educator Preparation Program

At the initial level, the Educator Preparation Program (EPP) supports twelve field endorsements, eight subject endorsements, and five supplemental endorsement programs. At the advanced level, the EPP supports five endorsements. The EPP works cooperatively with the content disciplines, assuring that the teacher candidates have the knowledge, skills, and dispositions necessary for professional teaching. The Education Department assures that all State and accreditation requirements are met and regularly shares data and ideas for the improvement of the overall education programs through the EPP committee. The EPP is led by the education program's department chair and composed of faculty from the education program, teacher educator representatives from the varying disciplines across campus, ESU #13 staff, and area P-12 professionals. The disciplines represented include Business, Mathematics, Family and Consumer Sciences, Science, Social Studies, Health-Physical Education, English/Language Arts, Music, Art, Theatre, and School Counseling. Special Education and Elementary Education are included in the education program. In addition to the EPP committee, the Graduate Council and

Academic Review Committees, both a part of the Faculty Senate Committee structure, provide a platform for sharing information about the educator preparation programs with the greater college community.

Mission Statement

The Education Department at Chadron State College prepares professional educators with the knowledge, adaptability, and lifelong learning skills necessary to place students at the center of learning. Our graduates foster academic and social growth, uphold high standards for all students, and contribute meaningfully to education and society.

Vision

To cultivate a generation of educators who are skilled, reflective, open-minded, and committed to empowering every student to reach their full potential and inspire lasting, positive change in schools and communities.

Section 1 Institutional and EPP Contextual Factors

Endorsement Program

The History/Social Sciences program at Chadron State College is committed to student learning. Our program's layered curriculum promotes inquiry, delivers content, develops critical thinking and promotes written and verbal skills in a learning environment that is equitable, open and pedagogically informed. The History program contributes to the vitality of the college and the region by providing an educational experience for students who are preparing for a life of thoughtful engagement in a global society and for future teachers in secondary education.

1b. Standards for Admission, Retention, Transition and Completion

The initial Educator Preparation Program has three major gateways: (1) Admission into the Teacher Education Program; (2) Acceptance into Student Teaching; and (3) Program Completion. Admission into the program generally takes place during or at the end of the sophomore year. Candidates are not allowed into student teaching until they meet the requirements set by the EPP. There are retention measures in place to ensure candidates are proceeding successfully through the education program.

Table 004.06-2 Requirements for Program Admission and Progression

Institutional Criteria	Gateway #1	Gateway #2	Gateway #3
	Admission into the Teacher Education Program	Admission into Student Teaching	Program Completion
Grade Point Average (GPA)	2.75 overall GPA – all college coursework, including transfer credits	2.75 overall GPA – all college coursework, including transfer credits	2.75 overall GPA – all college coursework, including transfer credits

Coursework Completion	30 hours of coursework, including Intro to Teaching, Educational Psychology, Intro to Exceptional Learner, and Technology Resources for Learning, with a C or better.	Earn 90 semester hours with 12 hours in residence at Chadron State College, with a C or better in all Education coursework, including EDUC 300 Observation and Participation and Professional Year courses	Passing grade with a C or better for EDUC 490 Student Teaching and EDUC 495 Education Capstone Passing score on Teacher Work Sample
Praxis Exams			Take the Praxis II content exam
Clinical Practice/Field Experiences	Take EDUC 300 Observation and Participation class	100 observation hours are required prior to student teaching.	16-20 weeks student teaching internship Passing scores on Nebraska Clinical Practice Student Teacher Rubric
Recommendations	Five faculty recommendations, including one from the advisor, one from outside of the Department of Education, and three within the candidate's endorsement area.		
Self-Disclosure	Demonstration of social, emotional, personal maturity and physical capabilities	Demonstration of social, emotional, personal maturity and physical capabilities	
Other	Successful background check	Successful background check	Application for graduation; application for certification

The [Chadron State College website](#) provides the candidates with the required courses for their program of study and the four-year course rotation where students can plan their entire course of study. Advising sheet found in Appendix A.

1c. Field Experiences Required

The program requires 100 practicum clock hours prior to student teaching; one course, EDUC 131 Intro to Teaching at the freshman level and one course, EDUC 300 Observation and Participation at the junior level. Each field experience is used by course instructors to monitor candidates' performance and progress, provides formative information about the candidate, helps the candidate develop the knowledge, skills, and dispositions expected of a teacher, and assists the candidate's understanding of the learner, the classroom environment, application of knowledge, instructional strategies, and professional responsibility. Data is not reported for developmental assessments. Cooperating teacher evaluations are maintained by the EPP to document field experiences.

Student teaching represents the culmination of practical experiences in the teacher education program at Chadron State College. Student teaching is a semester long clinical practice experience for initial teacher certification in which candidates demonstrate knowledge, skills, and professional dispositions by assuming responsibility for whole class instruction in their endorsement and within the grade level for which they are preparing.

Reviewers disliked separating out Bac and Post-Bac completers in the table but in the narrative combining them. To avoid identification of students, individuals were combined for the narrative.

Section 2 Endorsement Program Key Assessments and Related Data

Artifact 1. Table of Endorsement Program Key Assessments

Required Assessments

The faculty within the Educator Preparation Program (EPP) created program outcomes, based on the InTASC standards and learning progressions, developed by the Council of Chief State School Officers. The key assessments for the initial program align with these program outcomes.

Table of Endorsement Program Key Assessments

Name of Assessment used for the following areas:		Type or Form of Assessment	Brief Description of Assessment, including indicated information obtained from Assessment	When Assessment is Administered
1	Content-Praxis II or GPA	Standardized Assessment	Praxis II is a standardized assessment given by ETS.	Praxis II is taken the semester prior to or during student teaching
	Praxis II			
2	Content - Knowledge	Evaluation	The Nebraska Clinical Practice Assessment was created by the Nebraska Department of Education. It is filled out by the supervisor and cooperating teacher. InTASC Standards 4 and 5 address content knowledge and application of content	During Student Teaching
	NE Clinical Practice Evaluation			
3	Learner/Learning Environments	Evaluation	The Nebraska Clinical Practice Assessment was created by the Nebraska Department of Education. It is filled out by the supervisor and cooperating teacher. InTASC Standards 1, 2, and 3 address learner and learning.	During Student Teaching
	NE Clinical Practice Evaluation			

4	Instructional Practices - Knowledge	Evaluation	The Nebraska Clinical Practice Assessment was created by the Nebraska Department of Education. It is filled out by the supervisor	During Student Teaching
---	-------------------------------------	-------------------	---	--------------------------------

	NE Clinical Practice Evaluation		and cooperating teacher. InTASC Standards 6, 7, and 8 address instructional practices.	
5	Instructional Practices - Effectiveness	Evaluation	The Nebraska Clinical Practice Assessment was created by the Nebraska Department of Education. It is filled out by the supervisor and cooperating teacher. InTASC Standard 6 addresses instructional practices.	During Student Teaching
	NE Clinical Practice Evaluation			
6	Professional Responsibility	Evaluation	The Nebraska Clinical Practice Assessment was created by the Nebraska Department of Education. It is filled out by the supervisor and cooperating teacher. InTASC Standards 9 and 10 address professional responsibility.	During Student Teaching
	NE Clinical Practice Evaluation			
7	Overall Proficiency	Survey	NDE created survey covers overall proficiency as rated by completer and employer	After 1st and 3rd years of employment
	Follow up Survey			
8	Optional Assessment	Case Study	The Teacher Work Sample is an additional measure that covers overall proficiency of candidates through the completion of a case study addressing all InTASC Standards.	During Student Teaching
	Teacher Work Sample (TWS)			

Praxis II and GPA

Praxis II is the Education Testing Service ([ETS](#)) test for content knowledge. Furthermore, the candidates cannot graduate without a grade point average of 2.75 or better, on a 4.00-point scale.

Nebraska Clinical Practice Evaluation (NCPE)

The NCPE was developed by the [Nebraska Department of Education](#) in cooperation with the Nebraska Association of Colleges of Teacher Education (NACTE). The NCPE mirrors the InTASC standards, as well as the CAEP standards.

NDE Follow up Survey

The NDE survey is conducted annually to provide Nebraska institutions with information about the effectiveness of first-year and third-year teachers and covers overall proficiency as rated by completers and employers.

Teacher Work Sample (TWS)

The Teacher Work Sample is a case study activity that illustrates the candidate's ability to apply knowledge and skills relative to content and pedagogy. Candidates analyze data to make decisions and adjust instruction to meet learner needs. See Appendix B.

Artifact 2 Data Tables

History 6-12 is a mini-folio and will have no data tables attached.

Artifact 3. Narrative interpretation/summary of assessment data.

The History/Social Science department uses assessment as a part of ongoing, daily discussions between faculty members. Our program consistently discusses student learning outcomes, progress of individual students, and pedagogical strategies.

PRAXIS II

Candidates seeking the History 6-12 Subject Endorsement were to achieve a passing score of 147 on the Praxis II 5941: World and US History Content Knowledge exam. This assessment evaluates candidates' readiness to teach history by covering content in World History events before and after 1450, US History events before and after 1877, and Historical Thinking Skills.

During the academic year 2023–2024, candidates successfully met the Praxis II requirements, demonstrating content knowledge and readiness for professional practice. As of May 2023, the state of Nebraska repealed the statewide requirement for prospective teachers to pass a Praxis content exam if they complete an approved educator preparation program from a college or university. Therefore, students completing an approved History education program in Nebraska during the 2023-24 year generally were no longer required by the state to take any Praxis content test, including the 5941 test.

In the 2023–2024 academic year, four candidates completed the History 6-12 Subject Endorsement as part of the bachelor's degree program. The students earned a mean score of 164.

In the 2024–2025 academic year, there were no candidates who completed the History 6-12 Subject Endorsement as part of the bachelor's degree program.

Nebraska Clinical Evaluations

In reviewing the data from 2023-2024 academic years, scores are typically at or near desired proficient or above levels. (There is no data for 2024-25, as there were no History students.) However, there are some areas in the Nebraska Clinical Evaluations where students only scored at a progressing level. The following addresses those areas.

For Application of Content Knowledge Standard 5 (Communication), the cooperating teachers gave a mean score of 2.86 in the Nebraska Clinical Evaluation.

For Learner and Learning Standard 3 Learning Environments (Positive Classroom Management), the cooperating teachers received a mean score of 2.71.

For Instructional Practices Standard 6.2 Assessment (Impact on Student Learning), the cooperating teachers' mean score was 2.33 and the supervisors' mean score was 2.89. Standard 8.1 Instructional Strategies (Technology) had a mean score for the cooperating teachers of 2.86. Standard 8.2 Instructional Strategies (Research-Based Strategies) had a supervisor mean score of 2.89.

These areas within the NE Clinical Evaluation will be a focus as we continue to make improvements to our program.

Teacher Work Sample

Students in the 2023-2024 academic years had all proficient or advanced scores in all areas of the Teacher Work Sample during their student teaching experience. There were no History students in the 2024-25 school year for the Teacher Work Sample.

Section 3: Use of Related Data and Information for Continuous Program Improvement of Endorsement Program

The History Department focuses on delivering content subject knowledge to our students in an organized, open-ended fashion that requires student conceptualization. Our ongoing commitment to content and method stands as our central contribution to student success. TWS and Praxis data reflect this focus as does our formative and cumulative grading in our classrooms. Moreover, department-wide, careful discussion of such data and common classroom experiences results in improvement. For example, our Capstone course for all History/Social Science endorsements (SS/HIST 495) generally occurred after our associated 400 level course that requires an extensive writing project on a core subject. We, through assessment data and discussion, realized that the 400-level project did have a strong combination of disciplinary approaches. As such, we shifted the Capstone to a 300 level (SS/HIST 395) and advised that students take the course before the 400-level course. Our program saw immediate change as the resulting projects met our standard for using multiple disciplinary perspectives.

From associated reviews of our program, we have realized that, despite our curricular and instructional combining History and the Social Sciences, separate reporting construes our commitment to the holistic preparation of our department's students. As such, we are currently proposing a 4200 NSCS Program change to offer a Social Science Comprehensive Major. This improvement will only cement our program's holistic commitment to producing strong Social Studies and History endorsements and allow our reporting to accurately reflect our true graduation rates that exceed CCPE minimums.

History is now grades 6-12 (versus the previous 7-12 grade band). Also, as the History and Social Sciences curriculum mirror each other (many of the same courses, with varying requirements by degree), the History endorsement has been changed.

Due to an increased number of Social Studies courses (Political Science, Economics, Geography, Behavioral Science), and because of challenges with transfer students meeting this requirement, the 200 level courses have been dropped from the curriculum.

Appendix B TWS Rubric

Chadron State College Teacher Work Sample Scoring Definitions

4. Advanced: {A 140-131} – The teacher candidate obtaining this designation has demonstrated consistent, professional, and performance skills beyond the basic essentials in the chosen academic area and has demonstrated the ability to apply the performance skills with several aspects integrated so that the whole of the TWS has a coherent structure and meaning. The teacher candidate can plan, assess, instruct, analyze data, and reflect upon the appropriate P-12 students' performances at a level that enables P-12 students' growth in a solid, conceptual understanding of the chosen academic area. *This denotes the presence of the advanced skills necessary to teach and assess students in the academic area.*

3. Proficient: {B 130-118} – The teacher candidate obtaining this designation has demonstrated the basic essential set of professional and performance skills needed to teach and assess students in the chosen academic area. The basic concepts of the subject matter, teaching in the academic area, and assessing student performance are understood as one problem, idea, or concept following another, but are not interrelated as a whole system of understanding. The teacher candidate can plan, assess, instruct, analyze data, and reflect upon the appropriate P-12 students' performances to help P-12 students' growth of procedural and conceptual understanding in the chosen academic area at an expanding level. *This denotes the presence of essential skills necessary to teach and assess students in the academic area.*

2. Progressing: {C 117-105} – The teacher candidate obtaining this designation has demonstrated the presence of beginning professional and academic performance skills needed to teach and assess students. Aspects of a problem, idea, or concept are seen in rote application with nominal relationship of facts and ideas to each other. The teacher candidate can assess student learning and can develop learning experiences somewhat based on students' developmental levels and prior experience. The candidate shows minimal analysis or reflection upon appropriate P-12 students' performances such that P-12 students' understanding in the academic area will be more rote learning with less conceptual understanding. *This denotes the presence of the bare essential skills necessary to teach and assess students in the academic area.*

1. Unacceptable: {D Below 105} – The teacher candidate obtaining this designation does not perform at a level that exhibits preparedness for teaching but does demonstrate some basic understanding of professional and academic performance skills needed to teach and assess students. The teacher candidate cannot accurately assess student learning or develop learning experiences based on students' developmental levels or prior experience. The candidate shows little, if any, analysis or reflection upon appropriate P-12 students' performances such that P-12 students' understanding in the academic area may be negatively impacted. *Any rating earned at or below the Unacceptable level in the teacher candidate's TWS will be deemed unacceptable for a teacher candidate preparing for Nebraska teacher certification.*

0. Missing: {F} – The teacher candidate obtaining this designation does not perform at a level that exhibits preparedness for teaching, nor does the candidate demonstrate any basic understanding of professional and academic performance skills needed to teach and assess students. The teacher candidate cannot accurately assess student learning or develop learning experiences based on students' developmental levels or prior experience. The candidate shows no ability to analyze or reflect upon appropriate P-12 students' performances such that P-12 students' understanding in the academic area may be negatively impacted. *Any rating earned at or below the Unacceptable level in the teacher candidate's TWS will be deemed unacceptable for a teacher candidate preparing for Nebraska teacher certification.*
