PLACEMENT REPORT

2023 - 2024

Each year the Office of Career and Academic Planning Services produces a report about the previous year's graduates. This report covers graduates that received Bachelor's or Master's degrees. This information is intended to assist currently enrolled and prospective students in selecting academic majors and making career decisions.

Information was collected through the use of a survey sent to graduates in December. An electronic survey was also available and noted in the mailing. This report represents 5% of Bachelor degree graduates, and 9% of Master degree graduates.
